

# ENERGY STATISTICAL SNAPSHOT

*2017*

**Primary energy Supply<sup>1</sup>**

	Primary production, crude oil	Primary production, natural gas	Primary production, energy	Oil reserves	Natural gas reserves	Exports, crude oil	Exports, natural gas	Primary production of electricity from renewable sources
Unit of measurement	<i>Billion ton oil equivalent</i>	<i>Million ton oil equivalent</i>	<i>Million ton oil equivalent</i>	<i>Billion metric tons</i>	<i>Trillion cubic meter</i>	<i>Million ton oil equivalent</i>	<i>Million ton oil equivalent</i>	<i>TWh</i>
Source	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>World Energy Council</i>	<i>World Energy Council</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>
Year	<i>2014</i>	<i>2014</i>	<i>2014</i>	<i>2016</i>	<i>2016</i>	<i>2014</i>	<i>2014</i>	<i>2014</i>
Arab Region	1.3	454	1780	95.4	53.7	-874.8	-171.2	40

<sup>1</sup> The Energy Statistical Snapshot has been last updated on 1 July 2017 and is based on the most recent data available.

**Transformation<sup>2</sup>**

	Gross electricity production
Unit of measurement	<i>TWh</i>
Source	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>
Year	<i>2014</i>
Arab Region	1,050

**Final energy consumption<sup>3</sup>**

	<i>Natural gas consumption</i>	<i>Total final consumption</i>	<i>Total electricity consumption</i>
Unit of measurement	<i>Million ton oil equivalent</i>	<i>Million ton oil equivalent</i>	<i>TWh</i>
Source	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>
Year	<i>2014</i>	<i>2014</i>	<i>2014</i>
Arab Region	106	428	855

<sup>2</sup> The Energy Statistical Snapshot has been last updated on 1 July 2017 and is based on the most recent data available.

<sup>3</sup> The Energy Statistical Snapshot has been last updated on 1 July 2017 and is based on the most recent data available.

**Energy sustainability<sup>4</sup>**

	<i>Final consumption of oil products per capita</i>	<i>Proportion of population with access to electricity</i>	<i>The CO2 intensity of the energy sector</i>
Unit of measurement	<i>Kilogram of oil equivalent</i>	<i>Percent</i>	<i>Kg equivalent of USD of economic output</i>
Source	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>	<i>The World Bank, World Development Indicators</i>	<i>International Energy Agency (IEA)/ United Nations Statistical Division (UNSD)</i>
Year	2014	2014	2014
Arab Region	590	88	1.2

<sup>4</sup> The Energy Statistical Snapshot has been last updated on 1 July 2017 and is based on the most recent data available.
